

4015

The Millennia fuses the practicality of the Essential Series time-tested construction with the embellishments of the award winning Impressions Series. It starts with our rock solid closed loop frame constructed from precision welded 16 gauge 1010 cold-roll carbon steel. To that we add 3 ½" dual-density foam and the fine tailoring of a rolled back edge, cushioned passive lumbar area, and elegantly rolled front seat for a truly value-packed chair perfect for your sanctuary.

Ergo-V Back

T-nut Construction

Booted Rocker Glide

MILLENNIA

Series

BENEFITS: 4015

- Fully upholstered Ergo-V back for superior comfort and durability
- T-Nut Construction wood seat for a low maintenance seat with 3 ½" dual-density foam
- Ultra-durable powder-coat electrostatically applied and baked at over 400 degrees
- Booted rocker glides eliminating swivel-glide failure and exposed frame corners
- Industry's strongest frame, radius 16 gauge 1010 cold rolled steel with integrated torsion bar
- Also available with arms
